

**Gwyneith Black**  
*Executive Director*

## **Gwyneith Black** **Executive Director, OTSL Charities**

Gwyneith Black has served in almost every role within the company helping to cultivate a thriving organization. She is truly a cornerstone of On-Target's success. Whether she's managing a business relationship with a million dollar client, setting up processes for the accounting department or developing partnership opportunities for **OTSL Charities**, Mrs. Black is absolutely fearless about taking on new tasks and executing them with perfection. In an age of "more work, less perks," On-Target takes the time to invest in its employee's education and staff moral (just ask her about the annual "Shop 'Til You Drop" event) leading to less turnover and greater retention of skilled workers who care about the end product.

In 2006, Mrs. Black began a new chapter in her On-Target career serving as Executive Director of **OTSL Charities**, the community involvement/charitable giving arm of On-Target. With **Georgie Cornelius**, her Executive Assistant of 15 years, at her side, Black is prepared to soar to new heights.

Gwyneith Black has a Bachelors of Sociology degree from the University of North Texas and a Masters from at Amberton University
